Boarding Services

Home Away from Home: As an emergency veterinary hospital, you can be sure that we have the health and well being of your cats and dogs as a priority, including separate accommodations for cats. We will do our best to make their stay happy and stress-free in our clean, healthy environment. With trained staff in the building 24 hours a day, we can accommodate most special needs. Please ask for a tour of our kennel and exercise areas between 10 AM and 3 PM, Monday through Saturday. We are proud of our facility and the care we give.

Feline Boarding: Our quiet, low stress feline-only area is designed for your cat's well-being and comfort.

Reservations: Please make your reservations early. Since your pet's kennel may not be available beyond their scheduled reservation, be sure to reserve the full time you will need.

Hours: We are pleased to offer extensive hours for admission and discharge. Please plan on spending about 15 minutes for the transition of your pet's care upon admission.

Monday through Friday, 7:00 AM to 8:00 PM
Saturday, Sunday & Holidays, 7:00 AM to 5:00 PM

Boarding Check-in Form: To expedite your pet's boarding admission, please complete our boarding admission form prior to arrival. This can be found on our website (Forms and Links) or we can email it to you. This important document includes your contact information, and/or the responsible party to be contacted in case of emergencies or questions.

Health: Certain requirements must be met to maintain the health of your pet as well as other pets in the hospital. All boarding animals must be current on all required vaccinations, **PRIOR TO ARRIVAL.**

Required vaccinations for dogs:

Rabies
Distemper
Kennel Cough

Required vaccinations for cats:

Rabies
Distemper

Canine influenza vaccine is strongly recommended for dogs. All pets must be free of external parasites (such as fleas). Animals with parasites will be treated at the owner's expense.

Feeding and Exercise: We provide your pet with well-balanced meals each morning and evening. If your pet is on a special diet, please clearly label it and bring it with you at your pet's admission. Multiple trips to our large outdoor exercise yards allow ample opportunity for your dog to exercise, get fresh air, and relieve himself.

Medication: If your pet requires prescription or non-prescription medication, or a supplement while boarding, please bring it in the labeled prescription bottle or original medication container. Please do not mix medication with food. Our trained staff will administer your pet's medication for \$5 per day.

Bath: A complimentary bath is offered for any dog that has boarded with us for six or more nights. Please let us know approximately when you will pick up your dog so we can have him clean and dry.

Bedding and Personal Items: We provide blankets and beds. You may leave your own blanket or toys; however, we cannot assume responsibility for these items. Please mark them with your name. Belongings left 30 days after boarding will be donated to local shelters.

Discounts Available (Either shared kennel or pre-pay):

Shared kennel	Two or more family pets sharing the same kennel, unless they need to be separated for feeding.	-\$2/pet per day
